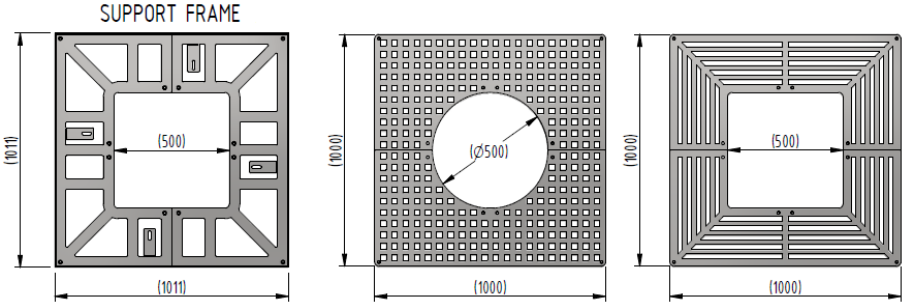
Tree Grille 1000 Square Galv & Black



An AUTOPA Tree Grille is an essential part of an urban landscape. Manufactured from galvanised mild steel which is then coated black as standard, these grilles will prevent delicate roots from being damaged by passing traffic, both vehicular and pedestrian. The contemporary styling makes them ideal for use on any site.

Supplied in two parts and are joined together using bolts. Complete with a frame which is required to stabilise the grille and prevent it from sagging around the tree.

Other sizes are available on request.

Pictured with the AUTOPA Tree Guards (available extra).

Part Number	Description	Weight (kg)
138 124 102B	Vine - Galv & Black	59kg
138 124 112B	Ivy - Galv & Black	49kg
