

Wheelie Bin Lifter

The Wheelie Bin Lifter is designed to effortlessly lift stacks of 240 litre wheelie bins with a maximum lifting capacity of 500kg.

Whether you have a warehouse, distribution center, or any other industrial setting, this wheelie bin lifting attachment is a game-changer when it comes to handling waste management efficiently.

Model Ref	Capacity (kg)	Wheelie Bin Size (Litre)	Max Fork Size (mm)	Fork Spread (mm)	C of G (mm)	Weight (kg)
FM-WBL	500	240	140 x 60	780 (o/s-o/s)	851	88

Features & Benefits

- Suitable for use with 240 litre wheelie bins, offering flexibility of use over the most popular size of wheelie bins
- Simple operation allows wheelie bins to be lifted and stacked without manual handling, thus reducing risk of injury
- Designed with few moving parts allows for low service and maintenance costs
- Fork heel pin retention for safely securing to the forklift forks
