

M12-Mounting clip for direct assembly stackable

PRODUCT DESCRIPTION

The Mounting clip for direct assembly serves as an installation help for the secure fixing of M12 connectors. The clip can be mounted with an M4 or M5 cylinder screw, afterwards the M12 connector is simply pressed in from above. The mounting clip is stackable.

ADVANTAGES

- > easy handling
- > good holding force
- > universally applicable

- > stackable clip
- > high stability

TECHNICAL DATA

Material: self-extinguishing according to UL94-V0

ACCESSORIES
