**Additional information**

Gives the appearance of small grade gravel surface.

Very little stone migration.

Can be overlaid on to existing good quality tarmac.

Surface life expectancy 8 - 15 years.

HMS are not responsible for laying other groundworks.

A completely sealed (non porous) surface prevents weed growth.

Aggregate size 1 – 5mm.

Aggregates can be colour coated to meet project specifications.

**We wouldn't hesitate to recommend HMS**

**“Great service. We have appointed HMS to lay decorative surfacing on several schemes in and around Leicester City Centre. They always go the extra mile to deliver with our project programmes. The quality of their workmanship is very good, which is evident when you walk around the city.”**

Alice Stewardson, Assistant Quantity Surveyor, Danaher and Walsh

**“Excellent standard, on time and always within budget!”**

Leicester City Council
