1 Description

The manual syringe gun is a light weight barrel applicator that provides excellent control for low to medium viscosity fluids. Available in 10cc, 30cc, 55cc, the manual syringe gun is simple to setup and easy to use.

SIZE	PART.-NO.
10cc	TS710SG
30cc	TS730SG
55cc	TS755SG

2 Intended use

The manual syringe gun is used for professional application of different adhesives. Other use than this has not been evaluated and may lead to an unsafe condition.

Use of this manual gun in ways other than those described in this description may result in injury to persons or damage to property.

3 Safety information

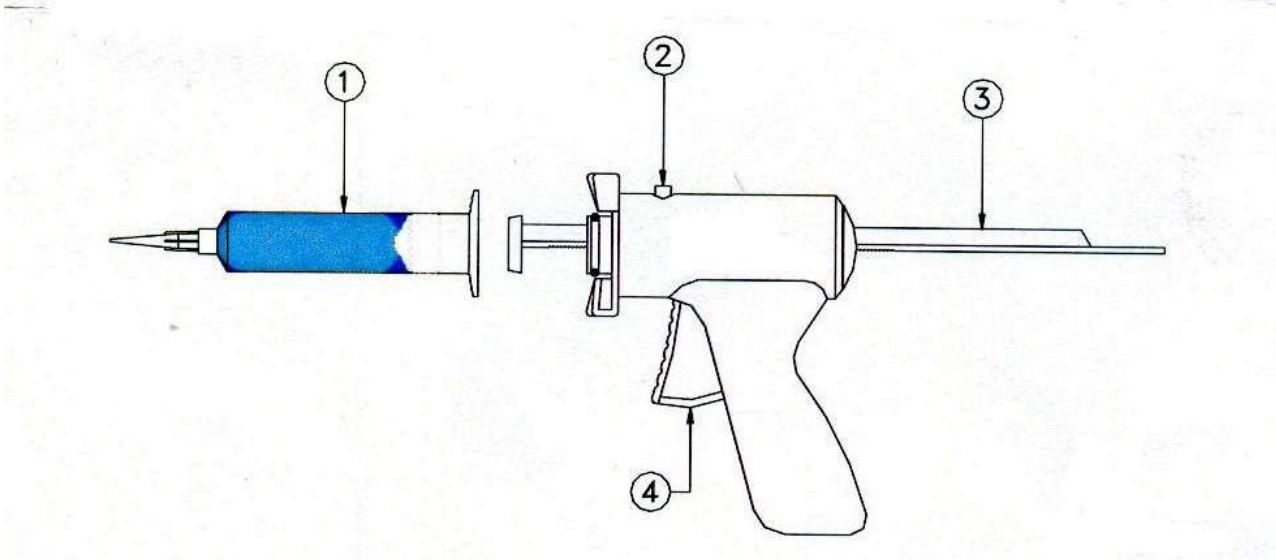

WARNING

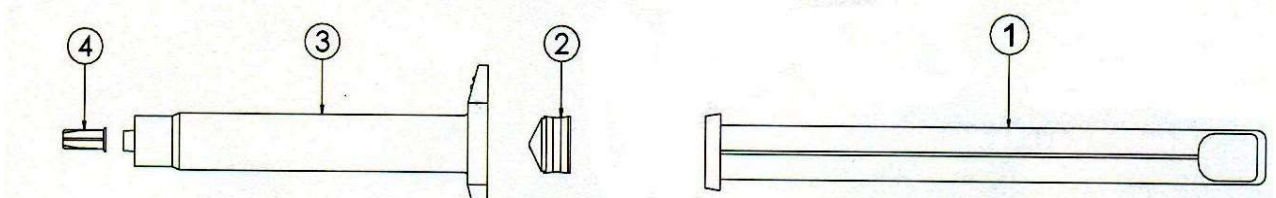

Always read and follow the instructions of the Safety Data Sheet of the used adhesive. Failure to follow may result in personal injury..

4 Setup instructions

1. Press the lock button (2) and insert the push rod (3) to the gun body; make sure the push rod is pushed all the way back with the groove surface face downwards.
2. Insert the syringe barrel assembly (1) into the gun assembly and turn clockwise to lock.
3. Install the dispense tip to the syringe barrel outlet.
4. Squeeze the trigger (4) to start dispensing.
5. Press the lock button and pull the push rod back to remove the syringe barrel assembly.

5 Spare parts list

Gun assembly	Item #	Replacement component	Description
TS710SG	1	71000ROD	Push rod, 10cc
	2	AD910-WW	Piston, 10cc
	3	AD910-N	Barrel, 10cc
	4	AD900-ORTC	Tip cap
TS730SG TS755SG	1	73000ROD, 7550ROD	Push rod, 30cc, Push Rod 55cc
	2	AD930-WW	Piston, 30cc, 55cc
	3	AD930-N, AD955-N	Barrel: 30cc Barrel: 55cc
	4	AD900-ORTC	Tip cap
