ERSA REFLOW SOLDERING 2025

x3 One-Day Blundell Tech Event: 4 | 5 | 6 | March 2025

Blundell Production Equipment, along with our partners **Kurtz Ers**a and **IBL-Löttechnik** will be running a focused technology event covering aspects of Reflow Soldering Technology.

During these three, one-day seminars the speakers will cover Convection Tunnel Ovens with both open and inert atmospheres, Vapour Phase technology and Vacuum reflow too.

In addition, we will cover Temperature Profiling and have a hands-on session with both Reflow Technologies.

Venue:

Unit C-D, Quinn Close
Seven Stars Industrial Estate
Coventry, CV3 4LH

Registration:

e-mail to: sales@blundell.co.uk

Participation:

The seminar includes refreshments, coffee, snacks and lunch. Please note that this seminar is held free of charge. There are no registration fees involved.

8 | 9 | 10 July 2025

Selective Soldering 2025

Topics:

- PTH assembly using VERSAGUIDE
- Market growth, Machine Options and Batch v Inline
- Solder and Flux Choices
- N2 Generation

Highlight:

- Practical demos and workshop

23 | 24 | 25 September 2025

Rework Soldering 2025

Topics:

- Today's SMT Rework Challenges
- Rework Solder and Flux Choices
- Rework Inspection

Highlight:

- Practical demos and workshop in the afternoon!

Grab your seat today!
