

# EDS408M Pneumatic Cartridge Dispenser

## For 50ml and 75ml Dual Epoxy Type Cartridges

### Specification

Part Code:	EDS408M
MPN:	TS408 MY-8
Lightweight:	0.73kg / 1.6lbs
Dispenser Length:	232mm / 9.1inch
Maximum Thrust:	1.3kN
Maximum Pneumatic Pressure:	8bar / 116psi
Air Consumption:	40 litres/minute
Handle Material:	Reinforced Nylon
Cartridge Holder Material:	Reinforced Nylon
Tool Component Approvals:	CE
Cartridge Capacity:	50mL, 75mL
Cartridge Ratio:	1:1, 2:1, 4:1, 10:1
Viscosity:	Up to High
Standard Colour:	Black
Warranty:	1 Year
Commodity Code:	90289090
Origin:	Europe
Brand:	MK Products

Order Online

The EDS408M is a pneumatic dispenser designed for use with two-component adhesives that are supplied in 50ml and 75ml, side-by-side dual cartridges and that push the adhesive into a static mixing nozzle. The lightweight portability and durable construction of this pneumatic dispenser gun makes it well suited for many assembly operations in various markets such as aerospace, electronics, construction, engineering and automotive. Typical materials dispensed are epoxy resins, polyurethanes, potting compounds, silicones and doming resins.

This premium dispenser features an adjustable flow control so the user can achieve the optimum flow rate for the material viscosity and the deposit size required. Simple load and unload of the cartridges using the front cradle that tilts to allow easy access. Featuring high strength metal rods that push down into the cartridge pistons to provide an even material flow. This ensure a high thrust force when required and eliminates hand fatigue associated with manual dispensing medium viscosity materials.

This dispenser will accommodate all ratio 50ml dual cartridges including 1:1, 2:1, 4:1 and 10:1. And it works with 75ml size dual cartridges in the 1:1 ratio. The EDS408M is ideal for use with prefilled adhesive cartridges. It is lightweight and very easy to use. Supplied with a user guide and warranty card.

### Enhanced Flow Design for Optimal Performance

- ✓ Setting the pressure using the rotary wheel allows for faster flow rates or when dispensing higher viscosity materials.
- ✓ Suitable for dispensing two-component materials without hand strain
- ✓ Fast air exhaust after the deposit is made reduces material ooze or drool
- ✓ Very easy loading flange for cartridge insertion and removal

### Reliable Supply & Fast Global Delivery

- ✓ Packaged boxed with user guide and warranty card
- ✓ Batch-coded for full traceability
- ✓ Available for fast delivery worldwide

### Suitable for dispensing:

- Epoxy Resin
- Polyurethanes
- Potting Compounds
- Silicones
- Doming Resins

We stock a wide range of two-component cartridge dispenser guns in sizes from 50ml to 1500ml.

Part Code	Cartridge Sizes	Cartridge Ratios	Max. Pressure	Max. Thrust	Air Consumption	Weight	Length	Warranty
EDS408M	50ml, 75ml	1:1, 2:1, 4:1, 10:1	100 PSI	1.3 kN	40L/min	0.73kg	232mm	1 Year

## HOW TO ORDER

Simply quote our part number, quantity required, your order number or reference and delivery address - it couldn't be easier.

- 1** BY TELEPHONE:  
01908 686660
- 2** BY FAX:  
01908 686836
- 3** FROM OUR WEBSITE:  
[adhesivedispensers.co.uk](http://adhesivedispensers.co.uk)
- 4** BY EMAIL:  
[orders@adhesivedispensers.co.uk](mailto:orders@adhesivedispensers.co.uk)

**HOURS OF BUSINESS**  
MONDAY TO FRIDAY 9AM TO 5.30PM

### Reasons to use our dispensing components

- Industrial grade** - certified safe for use to 025 psi. Will not break when in use under pneumatic or mechanical pressure.
- Certified Silicone-Free**. Our components will not contaminate fluids placed when in use including specialist adhesives.
- Burr-free**. All blunt tips are electro-polished and produced to a high precision finish.
- Widest range** - we stock millions of parts in many different styles and an extensive range of cartridges, nozzles, mixers.
- Fast lead times**. Most products are held in stock and available within days not weeks.
- Boxed** - most of our tips are supplied in sealed boxes for easy identification and protection against contamination.
- Batch codes** - all labelled with batch codes for traceability.
- Expert support**. We recommend our products to ensure our customers receive the right solution for their application.

## HOW TO PAY

We are happy to accept payment by the following methods:

### CREDIT CARD

Please quote your card number, start and expiry dates and security digits together with your name, address and delivery address.

### CHEQUE

Cheques for collection must be supported by a valid bank guarantee card.

### ACCOUNT

Accounts may be opened within 4 hours, subject to status, following receipt of a completed account application form. Please contact our Accounts Department direct on **01908 686663** for further details.

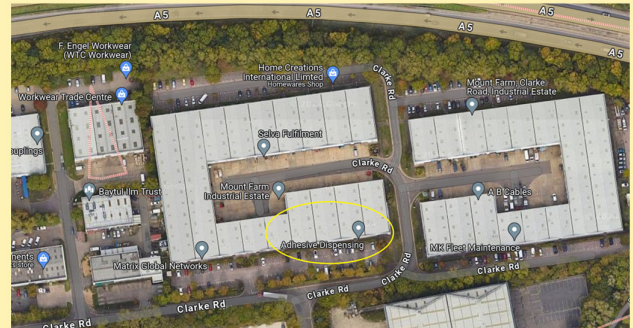

**PRICES GIVEN ARE IN POUNDS STERLING AND MAY BE SUBJECT TO CHANGE**

### ALL PRICES ARE SUBJECT TO VAT

Standard Terms and Conditions apply

### GOODS COLLECTION

Pre-ordered goods can be collected from our Milton Keynes warehouse facility by arrangement only.

### Overseas Delivery Charges

We ship goods into Europe, North and South America, Asia, Middle East, Australia and Africa. We use UPS, FedEx, DHL and Postal Services. Please contact us for specific pricing and options for all overseas shipping.

Visit our growing customer tech knowledge base for more product information, data sheets, videos and advice.
