

Manual 50ml Dual Cartridge Dispenser

For use with 50ml 1:1/ 2:1 Ratio 2K Cartridges

Part Code ABM-50M1

Applicator gun for adhesives supplied in two component, side-by-side dual cartridges that push the adhesive through a static mixing nozzle. The lightweight portability and durable construction of the manual guns make them well suited for many assembly operations in various markets such as aerospace, electronics, construction and automotive.

Manual guns in this range are available in two sizes with four mix ratios (1:1, 2:1, 4:1 and 10:1). This version is 50ml size for use with 1:1 and 2:1 ratio cartridges only. Suitable for the rectangular shape top flange cartridge design often found in the Mixpac A-System and B-System.

A high quality robust dispenser gun with lever mechanism to pull back the plunger rod when the cartridge is empty. All products shipped are in sealed boxes or bulk packs that include label with batch codes.

Premium Dispensing Guns

Specifications

Materials:	Reinforced Nylon, Polypropylene
Colours:	Grey/ Black

MONDAY TO FRIDAY 9AM TO 5.30PM

Reasons to use our dispensing components

- Industrial grade** - certified safe for use to 100 psi. Will not break when in use under pneumatic or mechanical pressure.
- Certified Silicone-Free**. Our components will not contaminate fluids placed when in use including specialist adhesives.
- Burr-free**. All blunt tips are electro-polished and produced to a high precision finish.
- Widest range** - we stock millions of parts in many different styles and an extensive range of cartridges, nozzles, mixers.
- Fast lead times**. Most products are held in stock and available within days not weeks.
- Boxed** - most of our tips are supplied in sealed boxes for easy identification and protection against contamination.
- Batch codes** - all labelled with batch codes for traceability.
- Expert support**. We recommend our products to ensure our customers receive the right solution for their application.
