RIVET RACKING

Offers incredible value for money, whilst offering amazing strength and rigidity.

The system is simple to build with all parts being tapped together using a rubber mallet. All components are joined via the heavy duty rivet and key hole slot which offers a simple and effective way to assemble the racking.

There are no nuts and bolts and the bays require no bracing therefore offering uninterrupted access on all four sides. Bays are available in various heights up to 3660mm high.

With the average time to assemble a bay being just 5 minutes, you will be amazed at how easy it is to create large installations in no time at all. All bays are ready for immediate dispatch and will be delivered in 5 working days.

- **Best Selling system**
Offers the widest choice of sizes, all at great value
- **Easy to build and re-configure**
Simply tap together with a rubber mallet
- **Strong and sturdy**
With shelf capacities up to 600kgs, it easily copes with heavy goods
- **No nuts, bolts or screws**
Simple and quick to erect, with no fuss
- **Strong epoxy paint finish**
Designed to give years of service and withstand heavy use
- **Will suit any application**
Versatile and expandable, suits a wide range of industries
- **Guaranteed delivery in 5 days**
There when you need it, without fail

Heavy & Medium Rivet

Incredible value for money, amazing strength and rigidity. Bays come complete with 3 or more levels and have a central deck support on bays 1220mm to 2135mm wide, whilst 2440mm wide bays have two per level.

J Rivet

Our J rivet system has unbeatable strength at an incredible price. It is also manufactured to the highest quality. The shallow J beam profile (only 30mm thick) gives increased storage capacity whilst maintaining excellent strength.

Heights	Widths	Depths	Application	Construction	Loadings
Standard Bay Height (mm) 1830	Heavy Rivet Widths (mm) 915, 1220, 1525, 1830, 2135, 2440	Heavy Rivet Depths (mm) 305, 457, 610, 762, 915, 1220	Environment Warehouse, Storeroom, Workshop	Uprights: Steel Blue RAL5010	Heavy Rivet Shelf UDL 400-600kg
Other Available Heights (mm) 1980, 2135, 2440, 2745, 3050, 3660	Medium Rivet Widths (mm) 1830	Medium Rivet Depths (mm) 305, 457, 610, 762, 915, 1220	Usage Multipurpose Storage, Heavy & Bulky Items, Archiving, Garment Storage, Reel Storage	Beams: Steel Grey RAL7038 **Orange RAL2002	Medium Rivet Shelf UDL 230-300kg
Uprights can be cut to a specific size	J Rivet Widths (mm) 915, 1220	J Rivet Depths (mm) 305, 457, 610		Shelves/Decks Chipboard 15-16mm **Heavy Rivet Only	J Rivet Shelf UDL 120-150kg Max Bay Load up to 2800kg

Design and plan your Rivet Racking layout

Calculating Exact Dimensions of the Bay & Run of Bays

H Nominal Height*
W Nominal Width*
D Nominal Depth*
CE Clear Entry between uprights

* Dimensions used in price tables

Rivet Racking Bay Loading (kgs)

Rivet Upright

	J Rivet	Heavy Rivet
A	98mm	125mm
B	see below ① how to calculate exact Shelf Pitch	
C	B minus D	B minus D
D	30mm	88mm

A Minimum First Shelf Level Height
B Shelf Pitch - Distance between levels
C Clear Entry - Useable space between shelf levels
D Shelf Thickness - Beam and chipboard

① How can you calculate exact Shelf Pitch (B)

Height of item stored + Shelf Thickness divided by 38.1
= Round decimal up to the next whole number and multiply by 38.1

e.g. $320\text{mm}(\text{Height of stored items}) + 88\text{mm}(\text{Heavy Rivet}) / 38.1$
 $= 10.7$ rounded to 11 $\times 38.1 = 419.1\text{mm}$ Shelf Pitch

Industrial racking for any application

HEAVY RIVET

Heavy duty industrial racking that meets the demands of any warehouse, storeroom and workshop.

Rivet Racking offers incredible value for money with amazing strength and rigidity. The quality of the materials used and robust construction ensures it will meet the rigors of the toughest workplace.

The vast range of bay sizes allows for a solution to meet your storage needs and the available space. Flexibility of wide open bays and large shelf capacities enable products of varying weights and dimensions to be easily stored within a single system.

J RIVET

Fully flexible, low cost shelving system

Our J Rivet system offers unbeatable strength at an incredible price, manufactured to the high quality you have come to expect from one of the UK's leading suppliers.

The shallow J beam profile provides increased storage capacity whilst maintaining excellent strength. To maximise flexibility, our J Rivet range is compatible with our incredible Heavy Rivet range.

The system is simple to erect yet has all the strength you are likely to need with a bay load of up to 2800kg. The bays simply tap together with a rubber mallet so you can organize your storage in a fraction of the time it can take with more traditional systems.

With the average time to assemble a bay being just 5 minutes, you will be amazed at how easy it is to create large installations.

RIVET DIVIDER SYSTEM

Our Rivet Divider System provides an effective way to store loose or awkward items. The bays provide multiple locations for separating individual products.

The system uses our Heavy Rivet Racking solution with bespoke shelves, dividers and cladding. This creates a cost effective divider system with strength and easy installation. As well as standard bays we can offer bespoke designs.

① Will suit any height or depth

② Fix divider to any position

● Rivet Divider System 1830 x 1525 x 457 mm

① All bays are supplied with four levels, uprights, plastic feet, perimeter beams, deck supports, chipboard decking, dividers, brackets and fixings. Dividers are supplied with brackets. Side cladding is constructed from 16mm Chipboard and is supplied with all required fixings and washers. (Some drilling and fixing required). Available in blue/grey and blue/orange.

HEAVY RIVET MFC

The Heavy Rivet MFC offers the same incredible rigidity of the standard model combined with clean, wipe down melamine shelving.

Heavy Rivet MFC offers incredible shelf loading capacities of up to 500kg. The hard wearing edged White MFC shelving finish offers additional resilience and is extremely easy to maintain.

Shelf Bins & Additional Dividers

If you need a strong, robust and versatile bin storage solution, at a competitive price – then look no further.

Our new range of Shelf Bins have been designed to offer a range of bins in “Big Sizes” for storing large parts or increased volumes. They can fit both small parts shelving systems as well as larger bays, such as Rivet or Longspan.

They have many new features, such as internal dividers that securely locate into 7 different locations. There is also an integral back stop allowing the bin to be suspended out from the shelving, for ease of picking.

With a semi-open front and a large labelling area below, ensures items can be identified quickly. The bins are available in Blue shockproof plastic and can be nested when not in use to save space.

Features

- 1 Integral back stop
- 2 Profiled sides for extra strength
- 3 Nestable design – space saving
- 4 Large labelling area
- 5 Semi-open fronted design
- 6 7 divider positions in each bin
- 7 Dividers positively slot into the bin

(Dividers not included)

Keep cable reels organised

A new solution for organising and dispensing cable and items stored in reels.

The simple side beam supports a 25mm diameter tube which can hold a variety of drums or reels. The beam is notched so the tubes can be placed in 5 different positions. Each level is then fitted with a face beam to enable the material to be passed to the user and conveniently cut to length.

The units come as either static racks or as a low level mobile trolley. Bays are available in either 915 or 1220mm wide and 610mm deep.

Cable Reel Trolley 915 x 915 x 610 mm

5 different positions for the tube

Braked castors for additional safety

Includes uprights, plastic feet, chipboard decks and four levels with notched beams, support beams and 8 zinc coated tubes

RIVET GARMENT RACKS

The perfect storage solution for any bulk garment hanging requirement. All constructed from Rivet racking components for simplicity and ease of assembly.

The 25mm zinc coated tube slots into place on the notched beams and can be located in five different positions. This can provide a single rail centrally positioned or two rails located on each face of the rack providing twice the capacity. Each storage level can be adjusted every 38mm.

Two single rail garment bays connected with tie plates

Utilise space with our high density Archive solution

● Double Box Deep Rivet Archive 3050 x 1830 x 915 with 100 boxes on 5 levels

ARCHIVE STORAGE SOLUTIONS

Our Rivet Archive range is the perfect solution for high density paper storage and archiving.

Our range of Archive Storage Solutions is formed of our Heavy Rivet range combined with high quality Heavy Duty Archive boxes. Each individual box offers a loading capacity of up to 20kg, with shelves supporting a UDL of up to 500kg.

Rivet Archive is available in two depths, three heights and two widths and is perfect for the storeroom, workshop or warehouse.

Need More Boxes?

Our Heavy Duty Archive box and lid are designed to hold 20kgs of paper. The robust construction means documents will be securely and safely stored. The boxes come flat packed and are easy to assemble. Boxes come with handle holes for easy transportation and the internal dimensions are 250H x 330W x 390D.
